

Staying Human in an Era of Artificial Intelligence

Joseph M. Vukov, PhD

Associate Professor and Associate Director of
The Hank Center for the Catholic Intellectual Heritage
Loyola University Chicago

Join us for this thought-provoking discussion of what it means to be human in the era of artificial intelligence, one of the subjects Pope Leo has focused on in the beginning of his pontificate. What does our faith teach us about the dignity of the human person? How are we to use these new tools which are projected to effect nearly every aspect of our lives? Bring your questions!
